Portfolio: <https://aaronjenson.codes/>

Hello! I'm Aaron Jenson. I am a software developer adept in JavaScript, CSS, HTML, and React, including tools like Redux and Flux. My internship at bioMérieux honed my skills in UI design, debugging, and testing. With a solid foundation from the University of Utah and App Academy, I'm eager to collaborate and contribute effectively in dynamic development teams.

Professional Experience

bioMérieux

August 2023 - Present

Software Development Intern

- Developed software solutions for clients using HTML, CSS, JavaScript, and SQL
- Collaborated with a team of software engineers to design and develop web applications
- Created and maintained unit tests to ensure the accuracy and quality of the code
